# Kit

*Custom Hero*

## IMAGE GENERATION DETAILS

Generation Prompt:

32-bit pixel art with clearly visible chunky pixel clusters, dithered shading, low-resolution retro sci-fi aesthetic. A sleek car (1982 Pontiac Firebird) from Night Rider with an iconic ((strip of red lights centered on the front of the bumper)) powered by an AI. In the city., depicted in a distinctly sci-fi world. Placed in a expansive sci-fi setting, rendered with simplified tile-like textures and deliberate low-color shading. Use a cohesive warm earth tones with vibrant accents palette. Position the character in the lower third of the frame, (facing the camera), viewed from a pulled-back wide-angle perspective showing expansive landscape surrounding them. The character should occupy only 60-70% of the composition, with dominant city landscape and sky filling the remainder. Retro SNES/Genesis style, advanced science, space technology, alien artifacts. --style raw
